in Quebec, Canada

January 2021

Confinement again!

Well, we have been in confinement again, since Christmas Day! It was **supposed** to have ended January 11th, but that has been extended until February 8th, with a curfew from 8 pm until 5 am. Everyone here is quite tired of all of the limits from the Quebec government. Of course, churches are shut-down for this period of time. Who knows what we will have on February 8th! **We desire your prayers** for us, that we might not only meet again, but also see a significant decrease of the COVID virus here – and, of course, everywhere!

Baie-St-Paul!

As you might remember, we had some Bible studies in this small town, about an hour east of us. We have met with **Germaine Gagnon**, the lady with whom we had those Bible studies a few years ago with her husband, Marcel. Well, Marcel has been saved, and there is more interest with some folks there to start a mission church.

Germaine has arranged to rent a storefront. Kim and I have met with her twice, praying the Lord's will concerning this ministry. As we are here to start churches, we desperately need your prayers that the Lord would send labourers into His field! We already have four churches that need pastors! **The need is great**, but our God is greater! **Amen!**

Overview of 2020!

Of course, **none** of us expected what happened in 2020; that's for sure! Despite COVID-19, we saw **some great** things this past year.

Murielle Jacques trusted the Lord as her personal Saviour; eleven days later, she passed away. Her daughter noticed a **definite difference** in her mother after Murielle's salvation! When her mom left this life for the next, **Sonia** sensed the departure of Murielle's soul from her body. **Now**, **Sonia** believes that there is something after this life!

Geneviève was saved on August 3rd, growing in the Lord! She has a lot of things from her past that weigh on her. **By God's grace**, she is working on many things. **Pray** for her psychological state.

Louissette is doing well, saved in early September. She has many challenges **daily!** Her husband, **Éric**, is unsaved and a high-functioning, autistic person. **Her two daughters** are handicapped and present **many** problems daily. Despite all of that, she seeks the Lord faithfully, seeking also the prayers of our folks.

Please pray for **Jessica Donovan's** family. Her family and friends are still struggling with her death, still wondering why she would have ended her life, not leaving any note or indication why!

Her mother, **Heather**, a faithful Christian, is really struggling with it all! Please pray for her!

Still Growing!

Though the new Coronavirus has disturbed our lives in so many ways, **our hope is in the Lord!** Just as the church was starting to take hold of living and walking by faith as never before, COVID-19 came! Yet, the church is still growing in various dimensions.

Also, our folks were just starting to get involved with letting our community know that we are here. With the provincial restrictions, that was curtailed. *Please pray for that we will still impact our community!*

Please pray for our new contacts: **Julie Allard** (daughter of France) and her children: **Anne-Sophie**, **Tristan** and **Antoine**; **Tristan** and **his girlfriend** want to visit the church soon. **Pray also for the salvation of:** **Louissette's** family, **Charles-Étienne** (16 years old), **Audrey**, **Josué**, **Paul**, **Samuel**, **Éric**, **Steve**, **Steven**, **Heather's** family, the possible work at **Baie-St-Paul**, *that people will be wise in the face of this pandemic*, and that the Lord would be **glorified in it all!**

* * * * *

Thank you for your gifts of:

November: \$30.00

December: \$50.00.
